Our firm is involved in the manufacturing and supplying of a wide range of Tapes and Films which are available in various kinds and nature. Our produced product ranges are highly used for official purpose, packaging purpose.

About Us

Our firm, **Millenium Speciality Packaging Limited** was incepted in **2009** with an aim to cater to the basic needs and thus was started as a manufacturer and supplier of Tapes and Films. The range offered by us involves numerous range including Packaging Tapes, Adhesive Tapes and Sealing Tapes. We since the formation and operation of our firm have always vision in bringing out products which are highly in demand and are used widely. We cater to school, offices, packaging industry, courier companies, stores and many other places. We supply these products in varying colours, designs and are even available in different patterns. Our range is also available in different sizes and specifications and for different industry we offer different products.

Our products protect goods from being opened by anyone and thus are not very easy to tear. We infuse latest technology and techniques in the making of these products and also conduct quality checks on these products. The materials we use in the making are durable, trustworthy and reliable as these are procured from authentic vendors. Our team is also very much well-trained and experienced who puts in their hard work and knowledge in bringing out superlative product range. Owing to these prospects, we have attained huge repute in the industry.

Every organisation needs a mentor and for us it's **Mr. Sandeep Singhal**, Director. His philosophy has been guiding the team and his ethical policies...
